

USAMA FAHEEM

Frontend Developer (React.js / Next.js) | MERN Stack Developer

+92-314-3416588 | developer@usamafaheem.com | Lahore, Pakistan

usamafaheem.com | linkedin.com/in/usama-faheem | github.com/usamafaheem-dev

PROFESSIONAL SUMMARY

Frontend-focused MERN Stack Developer with 8+ months of experience building websites for real clients using React.js and Next.js. Also builds backend APIs with Node.js, Express.js and MongoDB, and adds AI chatbots using the Groq API. Delivered 10+ live websites, including business sites, portfolios and 3D animated pages. Cares about clean code, responsive design and fast performance.

TECHNICAL SKILLS

Frontend: React.js, Next.js (App Router, SSR/SSG), JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS

State Management: Redux Toolkit, Redux, Context API

Backend & Data: Node.js, Express.js, RESTful APIs, MongoDB, Mongoose, Supabase, JWT Authentication, Nodemailer

Animation & 3D: Three.js, React Three Fiber, Framer Motion, GSAP, Spline

APIs & AI: REST API Integration, Third-Party APIs, AI/LLM Integration (Groq API), AI Coding Tools (Cursor, Windsurf, Antigravity)

Quality: Responsive & Mobile-First Design, Cross-Browser Compatibility, Performance Optimization, Debugging

Tools & Deployment: Git, GitHub, Postman, VS Code, Vercel, Netlify, Render, Hostinger

PROFESSIONAL EXPERIENCE

React/Next.js & MERN Stack Developer | VertexAI Tec

Feb 2026 to Aug 2026

Previously: React.js Intern | Dec 2025 to Feb 2026

- Built responsive websites and web apps with React.js and Next.js for 5+ client projects.
- Built 5+ full-stack features using the MERN stack (MongoDB, Express.js, React/Next.js, Node.js).
- Connected 10+ REST API endpoints and managed app state with Redux Toolkit.
- Turned 20+ UI/UX design screens into clean, reusable React components.
- Fixed 30+ UI bugs and improved cross-browser compatibility.
- Worked with designers and backend developers to deliver complete features, and used Cursor (AI tool) to code and debug faster.
- Contributed to the Shadab Rice website during the internship.

Frontend Developer Intern | SoftCr8ors

Apr 2026 to Jul 2026

- Built the official company website with Next.js, interactive 3D elements and smooth animations.
- Created the contact form backend using Express.js and Nodemailer.
- Improved page loading speed and animation performance.
- Worked with senior developers on 3+ client projects.

SELECTED PROJECTS

SoftCr8ors | Official Company Website | [Live](#)

[Next.js](#), [Express.js](#), [Nodemailer](#), [Three.js](#), [React Three Fiber](#), [Framer Motion](#)

- Website for SoftCr8ors, an AI and software agency, showing its services.
- Added interactive 3D elements and smooth animations.
- Built a working contact form that sends enquiries by email.

Shadab Rice | E-Commerce Website | [Live](#)

[React.js](#), [Responsive Design](#), [WhatsApp Order Integration](#)

- Online store for a premium basmati rice brand with a clean product showcase.
- Customers can choose quantity, pick bundle offers and place orders on WhatsApp.

UK Client Websites | [GM MZ Removals](#) | [MZ Cleaners](#) | [MZ Works](#)

[Next.js](#) and [Redux Toolkit](#) for GM MZ Removals and MZ Cleaners; [responsive UI](#) across all three

- GM MZ Removals: removals company site with service packages, pricing, area coverage and a quote request form.
- MZ Cleaners: cleaning company site with home and business packages, customer reviews and quote requests.
- MZ Works: property maintenance site with service and enquiry pages.

Reeba | Portfolio & Lead Management | [Live](#)

[Next.js](#), [Redux Toolkit](#), [Supabase](#), [Node.js](#), [Groq API](#)

- Portfolio website for a company CEO with an AI chatbot (Groq API) that answers visitor questions.
- The chatbot collects each visitor's name, email and contact number.
- Built an admin panel where chatbot conversations turn into leads, saved in Supabase.

Other Business Websites | Northwest Tyre Fitters | My Business Solution | Tekrivo

[Next.js](#), [Redux Toolkit](#)

- Northwest Tyre Fitters: mobile tyre-fitting and roadside help, with online booking and quotes.
- My Business Solution: tax and company registration services in Pakistan, with a contact form.
- Tekrivo: IT services platform that helps Virtual University students with final year projects.

Tahreem Arif | Full-Stack Portfolio (MERN)

[Next.js](#), [Express.js](#), [MongoDB](#), [Node.js](#)

- Portfolio website with an admin panel to update content and info without changing code.

3D & Animation Projects

[React](#), [Three.js](#), [React Three Fiber](#), [Spline](#)

- 3D Next: scroll-based 3D animation experience.
- Services website with interactive 3D animations.
- React landing page built to practice advanced animation with React Three Fiber.

EDUCATION

BS Computer Science | Lateral Entry

Virtual University of Pakistan, Lahore

Mar 2026 to Mar 2028 (Expected)

ADP Computer Science

Virtual University of Pakistan, Lahore

Mar 2023 to Mar 2025

CERTIFICATION

MERN Stack Development | NeXSkill Institute

Oct 2024 to May 2025

- Learned MongoDB, Express.js, React and Node.js. Built a capstone project with RESTful APIs, login (authentication) and state management.
